10 The pressure of the air in a car tyre rises after a long journey. This is caused by a change in the average speed of the air particles and a change in the temperature of the air in the tyre.

Which row describes the changes that have caused the air pressure in the tyre to rise?

	average speed of the air particles	temperature of the air
A	decreases	decreases
B	decreases	increases
C	increases	decreases
D	increases	increases
