**34** A teacher writes the nuclide equation for a fusion reaction.

$$ {}^{2}_{1}\mathrm{H} + {}^{X}_{1}\mathrm{H} \rightarrow {}^{4}_{2}\mathrm{Q} + {}^{1}_{0}\mathrm{n} $$

What is the missing number X and the missing element Q?

| | X | Q |
|---|---|---|
| **A** | 2 | H |
| **B** | 2 | He |
| **C** | 3 | H |
| **D** | 3 | He |
