**6** **(a)** Complete the definition of the 'principal focus' of a lens.

The principal focus of a lens is a point on the principal axis where .....

.....

..... [2]

**(b)** Figure 6.1 is a full-scale diagram of a converging lens and an object O.

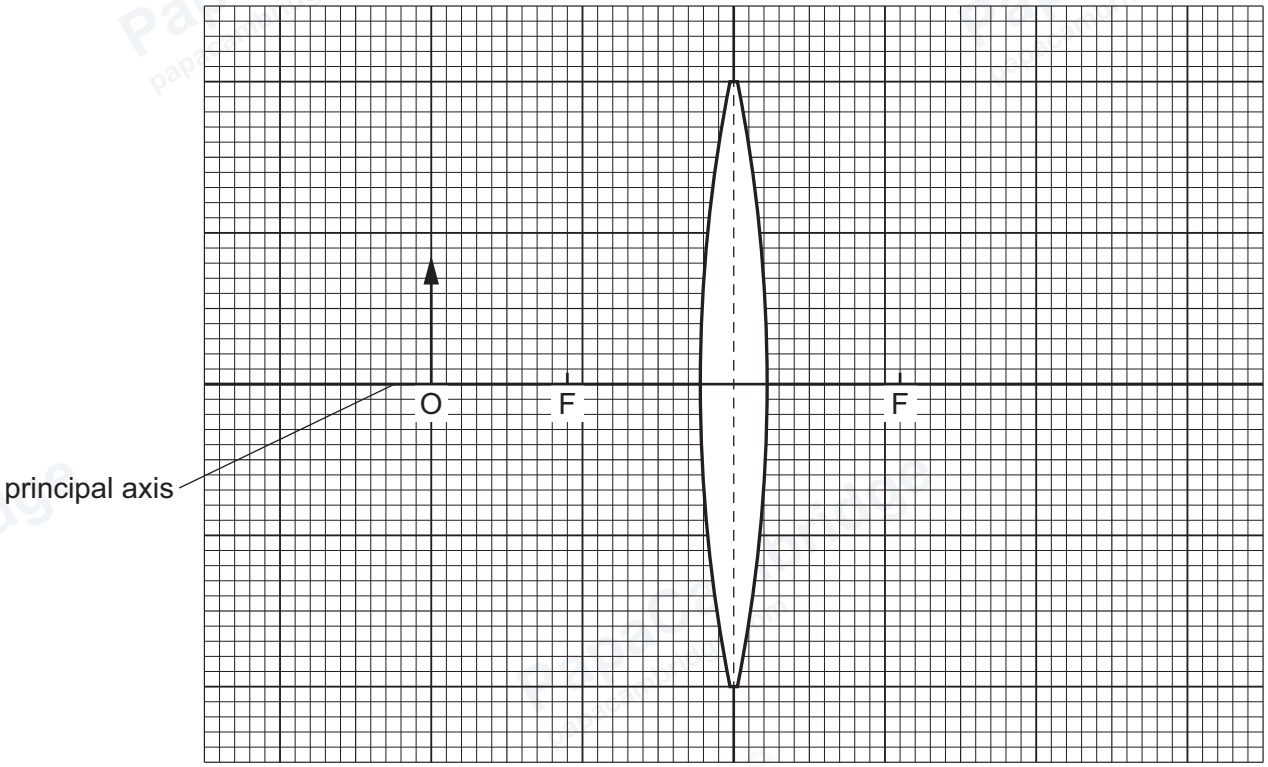

**Figure 6.1**

The two points labelled F show the positions of the focal points.

On Figure 6.1, draw **two** rays to locate the position of the image. Label the image I. [3]

**(c)** Visible light is one region of the electromagnetic spectrum.

State the name of the region of the electromagnetic spectrum which has the lowest frequency.

..... [1]
